the to see the project

LESYUK 2023-present
UI-UX Designer & Front-end Developer

"LESYUK" is a website that aims to
make it easier for students and parents to find
tutoring, as well as introduce the benefits of
technological advances that can simplify
everything. technological advances that can
simplify all facilitate all matters and problems,
including finding a private tutor.

4BIKE 2022-present
